Re: Ownership Change of Marana Regional Landfill, Permit #6133 from DKL Holdings, Inc. to
Waste Management of Arizona, Inc.
Application Submitted August 29, 2012

Dear Mr. Cassin:

Thank you for notifying us of the ownership change at The Marana Regional Landfill. Title 17 of the Pima County Code (17.12.290) provides for the transfer of a Class I air quality permit from one owner to another and specifies the appropriate procedure for effecting that change.

Enclosed is an Air Quality Permit for the facility listed above. The permit includes Parts A and B and Attachments 1 - 4. Part A consists of the general conditions that apply to all facilities. Part B consists of the specific conditions that apply to your facility and includes applicable emission limits, testing requirements, work practice standards, pollution control equipment requirements, as well as record keeping and reporting provisions. Attachment 1 contains the complete list of applicable requirements. Attachment 2 lists the currently permitted equipment at the facility. Attachment 3 is a list of insignificant equipment and Attachment 4 is a list of allowable municipal waste as applied for in the air quality permit application.

If you have questions or need additional information, please call me or Mukonde Chama at (520) 243-7400.

Sincerely,

A handwritten signature in black ink, appearing to read "Mukonde Chama".

Mukonde Chama, P.E.
Air Permits Supervisor
