

# ROSEMONT COPPER

A Bridge to a Sustainable Future.

September 7, 2010

Mr. Mukonde Chama, PE  
Air Program, Permitting Supervisor  
Pima County Department of Environmental Quality  
33 N. Stone Ave, Suite 700  
Tucson, Arizona 85701-1429

**Re: Electronic Copies of Air Permit Application Files**

Dear Mr. Chama:

Thank you for taking the time to speak with us on Friday, September 3, 2010. As we discussed at the end of our meeting, I am transmitting to you two electronic copies of our permit application and other associated documents. For your convenience I have also included the modeling reports we talked about. The attached disks include the following pdf files all by Applied Environmental Consultants:

- Executive Summary Rosemont - July 28 - AQ Information for EIS\_Final
- Rosemont - July 10 - Class II Permit Application\_Complete
- Rosemont - July 10 - Emission Inventory Information\_Complete
- Rosemont Copper Project Aermod Modeling Report
- Rosemont Copper Project CALPUFF Modeling Report

Please let me know if you require any additional information to assist in your review of our application documents. You can reach me at the number below or at [karnold@rosemontcopper.com](mailto:karnold@rosemontcopper.com).

Regards,

  
Katherine Ann Arnold, PE  
Director of Environmental and Regulatory Affairs
